

Start collecting barcodes in your extra collection bag.

Do this every time you fit Bosch.

- **Find the barcode on the Bosch packaging**

All Bosch automotive products come with a barcode on the packaging. You will find the barcode on the back or side of the packaging, depending on the product.

Once you have checked that the product is a part of the extra reward programme, simply cut out the barcode and pop them into your collection bag provided. Here are some helpful hints and tips.

Barcode cutting instructions.

- **Valid barcodes and labels**

- **Invalid barcodes and labels**

For standard Bosch barcodes

Include the entire Bosch label clearly displaying the barcode and part number.

Barcodes will not be accepted if the Bosch label is partially cut off.

When the Bosch barcode and label has been covered

If the Bosch barcode has been covered by your parts distributor, you can send it in anyway. As long as the Bosch barcode is visible underneath the supplier sticker.

Barcodes will not be accepted if there is no evidence of the Bosch barcode underneath the parts distributor's sticker or the part number is missing.

For products that come in multi packs

For wiper blades, spark plugs and glow plugs, ensure that you send in the barcodes for single packs only.

For wiper blades, spark plugs and glow plugs, no multi pack barcodes will be accepted
